

Summer Information

SUMMER PROJECTS IN FULL SWING AT IWA!

from the desk of Mr. Wisnor...

We certainly hope that you and your family have been enjoying the first week of summer vacation. Although the halls are no longer filled with the sound of children, it has certainly been noisy as our summer construction projects are in full swing.

The summer projects this year include the following:

- Creating the new clean and dirty STEAM labs for students in Pre-K – Grade 8 in the second floor space recently gifted from the Sisters to the academy
- Tuck pointing both the main building and St. Joseph Hall (the process of maintaining and repairing the mortar joints of a brick building)
- Repairing, paving, and striping the parking lot
- Installing a wall between the newest preschool room and the former primary STEM lab, which will be turned into an Atrium for the Catechesis of the Good Shepard Program for students in grades Pre-K – Grade 2, as well as a tutoring lab
- Relocating the video production room for morning announcements to a dedicated space on the first floor
- The installation of a new outdoor volleyball court and GaGa pit for our students to utilize during recess and physical education
- The addition of split air conditioning units in the administrative offices (the Kinder Prep and Kindergarten rooms were completed over Easter Break)

We are extremely grateful to the Sisters of the Incarnate Word, our school families, and all of our benefactors for their continued support in offering state-of-the-art facilities and unique academic offerings for our students.
